Max L. Johnson - - - EDITORS - - - James A. Harper	

## THE CONTRIBUTION

Last Lord's Day was \$85.13. Indeed, this is a good way to start the year. We hope, of course, that this upward trend in the contributions will continue. Won't you help us make the contribution for the Lord's work even larger?

## COLDS

Kept a large number of our members away from the services last Sunday. We hope that we may see many of those back in their regular places at today's service.

## TODAY

Is BUILDING FUND Day. Wouldn't it be a thrill to you to see the contribution go over the hundred dollar mark? We can see this done if each of us will do his part. WILL YOU DO YOURS????

## THE YOUNG MEN'S

Class will combine with the Young Ladies Class next Lord's Day. Bro. Johnson will be the teacher. If you are a "young" person we would be glad to see you in this class. Come and bring your husband, wife or sweetheart!

REMEMBER THE WED. EVE. SERVICE!!!

## CLARENCE SHEETS

Has been given the task of selecting one to read the devotional each Sunday. If he asks you to read it won't you co-operate with him by saying "Yes"?

124

Attended the morning service last Sunday; while only 42 attended the evening service. Don't you think that 42 is too small a number to be at a worship service of the church? What about raising that number in the evening service tonight by coming back at 7:00 to hear Bro. Derryberry.

## DUE TO

Sickness and a death which called two of the committee away, the plans for the building were not ready last Lord's Day. However, they plan to have them ready by January 18th. We know you are looking forward to seeing them and will have them as soon as possible.

## LESSON NO. 2

"ITS USAGE"

A

STUDY

OF

THE CHURCH

WEDNESDAY

7:30 P.M.

## DERRYBERRY AND JOHNSON

Are in each other's pulpits today. This was arranged by the congregations because of the fact that Bro. Derryberry used to work here and some of the members in Winston-Salem had never heard Bro. Johnson.

## LEROY WARNER

Is back from Ashboro where he underwent his second major operation. We hope that this one is as successful as the first.

## PREJUDICE

Concrete facts did not avail against preconceived notions and prejudices. When Galileo was summoned before the Inquisition to be tried for the "heresy" of affirming the revolution of the earth, he said to the judges: "I can convince you. Here is my telescope; look through it and you shall see the moons of Jupiter." They refused to look. They were convinced that the earth did not revolve around the sun and no evidence could convince them otherwise!

## CHRISTIAN WITNESSES

At an exhibition of pictures it was discovered that a masterpiece by a famous artist was quite unnoticed because it was poorly framed and hung in a shadowed corner very high. The man in charge reframed and rehung the picture, and then everybody acknowledged its beauty. We are to do with the Christian religion what that man did with the picture—present it in the best light and give it a chance to be known.
