A CORDIAL WELCOME AWAITS

April 7, 2013

“Knock knock ...”

Those are the opening words to a series of jokes that most of us are familiar with. Today let's take those words and apply them to evangelism. They become the sound of Christians knocking on the door of somebody's house. There is something that Christians want to share with you. It isn't a questionnaire. It isn't a survey. It isn't a request for a donation. It is the gospel of Jesus Christ.

The format is that of a DVD which you can view by yourself or with family members. It doesn't cost a dollar it doesn't cost a so-called “donation.” It is absolutely free. What you think of it is important to us. We do want you to look at it and we would like to answer any questions you might have about it. But you are the one who makes those choices.

What's “on” the DVD? It is someone speaking about the gospel of Jesus Christ. There are some practical questions with practical answers to those questions. It contains information about Christ's church. It contains information about your relationship with Him. We hope you will watch it. We hope you will benefit from it. “Knock, knock.”

ELDERS CORNER:

John 4:34 *Jesus saith unto them, My meat is to do the will of him that sent me, and to finish his work.*

John 4:35 *Say not ye, There are yet four months, and then cometh harvest? behold, I say unto you, Lift up your eyes, and look on the fields; for they are white already to harvest.*

We will soon begin an outreach program to contact the people around our building in Clemmons and Lewisville through an organized door knocking program. The purpose of this program is to:

- Invite people to visit Warners Chapel
- Give them a brochure about us.
- Ask some questions.
- Ask if they will take and view a 30 minute DVD that tells them what we believe.

We will cover the specifics in classes before we begin.

We invite those that might be interested to attend a class beginning Wednesday night April 3 and continuing for the next couple of weeks or longer if necessary to learn how it will work. We need people to talk to these contacts and people to accompany them. We also need some that might not be able to door knock, but have secretarial skills.

You are encouraged to come to class and see if this is a program that you are willing to get involved in.

WE THE PEOPLE...

The last election has taught us that there has been a shift in American politics. Underlying this shift is also a shift in values. It seems many are convinced that government should be bigger. It needs to be big enough to take care of my family with food, free housing, free health care, etc. Whatever happened to working hard and providing for the family ourselves?

I am certainly not talking about those who cannot work. Our society and beliefs dictate that we help those in need. The Bible does address those who will not work. Second Thessalonians 3:10 says, “for even when we were with you, this we commanded you, that if any would not work, neither should he eat.” It is God’s will that we work and derive the pride of accomplishment.

We live in a nation that was born by those seeking a place to build a home in a land where they could practice a religion free from tyranny. Are we moving back to a people that are governed by leaders that we have elected, but do not serve the people who elected them? If government healthcare can be forced upon a people who do not want it and religious beliefs are trampled on in the process, then what is next? ***We The People are to blame.***
