A CORDIAL WELCOME AWAITS YOU

CHANGES

About six months ago the elders approached me with the idea that the preacher's house at 8998 Lasater Road would make a good dormitory for future students. It was also offered at that time that it was their wish that I consider buying my own house. Carla and I can qualify as first-time home buyers. We had owned a small property in WV before we went to school, but it was purchased through a Land-Sales contract. I later sold that property to my brother without a profit.

So we have been looking for an affordable house in Forsyth County. There are about 200 homes for sale in Forsyth County in the price range we were looking in. We are buying a house in Oliver's Crossing off of Peters Creek Parkway. Some have asked us why we decided to move to Winston and my answer is "That is where the pretty house is."

The school is growing and we are making every effort to recruit students to this great work. We have been able to see great strides in the level of maturity and biblical knowledge that our current students have attained. I am very proud of them and our Faculty and staff. Word is spreading about the quality of students we are training. It is only through your efforts [Warners] that we are able to say this!

There are always some that will resist change because it is something different or something they are not familiar with. It is our prayer that we continue to abide in harmony and love for one another as we go through this process of change. May we continue to follow the Scriptures and as always, have the mind of Christ.
