A CORDIAL WELCOME AWAITS YOU

FAITHFULNESS

Years ago there was a commercial that showed a popular entertainer singing in operatic style and hitting an extremely high note and shattering a glass. The feat was then repeated but the glass was broken by a recording of the singer's voice. The climactic phrase was then presented, “Is it live...or is it Memorex?”

The point of the commercial was that recording on a Memorex tape could insure that duplication of that sound would be crystal-clear. In other words the recording would be as faithful to the original and that one could not audibly tell the difference.

That is what faithfulness is, remaining true to the original.

Deuteronomy 7:9, says *“Know therefore that the LORD thy God, he is God, the faithful God, which keepeth covenant and mercy with them that love him and keep his commandments to a thousand generations.”*

Psalms 101:6 says, *“Mine eyes shall be upon the faithful of the land, that they may dwell with me: he that walketh in a perfect way, he shall serve me.”*

God has provided us an example of the original. Jesus came to reveal the father to us. John 14:9 *“Jesus saith unto him, Have I been so long time with you, and yet hast thou not known me, Philip? he that hath seen me hath seen the Father; and how sayest thou then, Show us the Father?”*

Christians are faithful when we remain true to the Father. Faithful Christians obey all the Father's will and will become more like Him as we strive to increase our spiritual maturity.

Proverbs 28:20 *“A faithful man shall abound with blessings.”*

Mental Illness

By Steve Higginbotham

You finish the sentence: “I was sick and you _____.”

Now, if we’re talking about heart disease, diabetes, or cancer, I’m Pretty sure we could fill in the blank with “visited me.” But what if we’re talking about mental illness? Might the sentence more truthfully be completed as follows: “I was sick and you avoided and talked about me?”

Christians and churches have room for improvement in the way we minister to those who suffer from mental illness. I’m afraid there is a “whisper factor” involved with mental illness, and those who suffer from it live in fear of being discovered. Consequently, they suffer alone, in silence, with little to no support.

But why should there be a stigma attached to those who suffer from mental illness? Are chemical imbalances in the brain any less real than clogged arteries in the heart? We wouldn’t stigmatize a person whose body doesn’t produce the right amounts of insulin, and therefore has to be medicated to regulate his levels of insulin. Then why would we stigmatize a person whose body doesn’t produce the proper balance of chemicals to keep the brain functioning properly?

The National Institute of Health estimates that 26.2% of Americans, ages 18 and older suffer from a diagnosable mental disorder. That’s one in every four adult Americans. That also means our churches are filled with people who are suffering with mental illness.

May God help us to create a community of compassion and understanding. May we create an environment in which people feel safe seeking help and support. And may our response to those who suffer from mental illness be no less compassionate, loving, and Christ-like than those who suffer with other illnesses.
