A CORDIAL WELCOME AWAITS YOU

August 21, 2016

"I'VE LEARNED . . ."

*I'm not a "scholar" and probably an average learner; but there are some valuable things that I **have** learned. I'm sure you have learned some of these things too. I've learned that you can do something in an instant that will give you heartache for life. I've learned just because someone doesn't love you the way you **want** them to, doesn't mean that they don't love you with all that they have. I've learned that often, the people you care about the most are often taken from you too soon. I've learned that in one minute, something can be said that will give a person a ray of hope in this dark old world.*

Why not share this bulletin with someone and invite them to worship with us and learn of that hope that only Christ can provide.

Frank Shepard

ELDERS CORNER

TEACHING THE CHILDREN

By A. Jay Kelly

“Listen, my son, to your father’s instruction and do not forsake your mother’s teaching. They will be a garland to grace your head and a chain to adorn your neck” —Proverbs 1:8-9

In this wise advice, we find the principle of an eldership hierarchy, or leadership by older people, taught throughout scripture. In this case, it is the children who are specifically taught to emulate the teachings of their parents. In other Scriptures, we are taught to respect the older members of the congregation. There is also, however, an implied responsibility in this passage given to the parents.

Our news services are full of stories of children out of control, some even committing horrible crimes. In many cases, these kids are emulating the teaching of their parents. We don’t have to be “bad people” to teach bad lessons to our kids.

When we blame others for our failures, we teach our children irresponsibility.

When we disparage those in authority, we teach our children lack of respect for authority.

When we miss worship for recreational activities, we teach our children the place of God in our lives.

It is easy to point to our slums, where children grow up surrounded by drugs, criminal activity and other forms of immorality, as the problem. But I remain convinced that the problem is the same when our more affluent children commit crime. They were taught by their parents.

What are we teaching our babies?
