I think if  
one feels  
saved He  
is sure to  
be saved

← to HELL →

If Satan can blindfold folks so as to get them to feel that they are saved when they are really lost, he will then have things going his way. Jacob believed and mourned because he felt that Joseph was dead, but Joseph was very much alive. - No person should think of anyone (himself) above that which is written. I Cor. 4:6.
